RIVIÈRE-AU-RENARD SHRIMPS TACOS

The Revolte of Riviere-au-Renard, an historic event

More than 150 years ago, part of the Auberge Le Caribou served as the *William Fruing and Company*.

It was right here, at the end of summer 1909, that the Revolte of the Rivière-au-Renard happened. The actions of the local fishermen during this event were not directed against a political authority, as the use of the word revolt might suggest, but against an economic system dominated by foreign companies, mainly from the Jersey Islands.

Naming the resto-pub in honour of this event was thus self-evident. We are proud to welcome you in the Fishing Capital of Québec and to share a page of our history with you.
